

Water Policy

O'Kane Poultry Ltd seeks to achieve our business objectives by managing this natural resource effectively.

O'Kane Poultry Ltd aims to:

- Continuously improve water efficiency performance across the business
- Engage new and emerging technologies to minimise water consumption and discharge
- Develop measurable objectives and targets for water efficiency

To achieve these aims, we shall:

- Appoint a member of the management team with responsibility for water management, and an environmental management team to implement this policy
- Treat local, national, adopted European legislation as the absolute minimum criteria
- Develop water use and disposal performance indices illustrating the performance of this resource
- Develop and implement an Environmental Management System (EMS), which has at its core the objective of achieving continual improvement
- Encourage the practical implementation of water minimisation on a day to day basis
- Set targets and objectives for achieving water efficiency performance.
- Meet our obligations within the Water Framework Directive

O'Kane Poultry Ltd will undertake effective communication to:

- Ensure employees are aware of our Water Policy, are aware of their responsibilities and are given the support and encouragement required to fulfil them
- Provide meaningful information on our energy performance, the objectives and targets set and progress made

Signed

Managing Director
